

From the moment I was greeted by CSFC staff at Heathrow Airport I knew CSFC was the right choice for me. The atmosphere at CSFC is unique to other colleges. We are a small community, but the endless warmth and support from staff and peers alike amazes me.

CSFC gives us the opportunity to become all-rounded students with individual talents that universities look for. On our Induction Day, we were advised about

the different activities that we should get involved in and so from Day One, we knew what to aim for.

Amongst other activities, I am a member of the Debate Club and was presented with the opportunity to participate in the

Welsh School Debating Championships, an exciting experience. That is one of the reasons I like Wales - we are given so many opportunities to express ourselves and contribute to the community through schemes like Young Enterprise. As a CSFC student, I also enjoy my membership with the state of the art David Lloyds sports centre.

CSFC provides excellent help with work placements. This is very important as it gives us a detailed insight to the careers we are interested in and subject matter to discuss during university interviews.

Most importantly, the academic support at CSFC is fantastic. The teachers are extremely dedicated and ensure that we achieve to the best of our abilities. As long as I remain committed to my goals I have full faith in CSFC as to my success in future.
