INDONESIA PEER GUIDE

Here at Cardiff Sixth Form we are very proud of our students from Indonesia who have all excelled under the College's care and guidance.

This booklet highlights some of our excellent Indonesian pupils and gives some useful statistics and academic information showing why Cardiff Sixth Form College is the top school in the UK.

BRYANT JUNEVAN HENRY MULIA

Former School:

Santa Laurensia Senior High School

Subjects studied at A-level:

Maths, Further Maths, and Biology

Grades at A-level:

A A B

University:

University of Manchester – Mathematics with Financial Mathematics

“I believe that meeting students from different backgrounds and nationalities has widened my views of the world and understanding of people’s mind-sets. The staff here have listened to me on what my aspirations are for the future, given me advice on things like my personal statement to help turn those aspirations into reality. I’ve enjoyed what the College has to offer outside of academia such as the hikes on Biology trips and being part of the Talent Show, Glee, Economics Club, NASA, playing football and basketball and the inter-house competitions.”

RACHEL GABY ADITYA

Former School:

SMA Santa Laurensia

Subjects studied at A-level:

Maths, Further Maths, Chemistry and Economics

Grades at A-level:

A* A A B

University:

London School of Economics and Political Science – Actuarial Science

“What I’ll remember most during my time at Cardiff is meeting friends for life from countries around the world. That is an invaluable experience. I was supported throughout my time and was given help with my Personal Statement and given input in what universities were looking for and how to get the most out of my time here at Cardiff. Extra-curricular activities are important and I was a member of the Digital Finance Club and enjoyed the Thorpe Park trip in August as it was an opportunity to just have fun with your friends.”

ACADEMIC STATISTICS AND CASE STUDIES 2020

For the past 15 years, Cardiff Sixth Form College students have enjoyed success at the G5 universities – Oxford, Cambridge, Imperial, London School of Economics and University College London - as well as other leading universities in the UK and around the world. Each year our Asian students gain coveted places to study subjects such as medicine, law and architecture at leading Asian universities such as University of Hong Kong and the Chinese University of Hong Kong, whilst others have entered Ivy League universities in the US.

Around 180 students join Cardiff each year to complete their GCSE and A Levels before progressing onto university. Over 40 nationalities are represented and the international flavour of the College is highly regarded. What the students have in common is that they are all intelligent, ambitious and career-driven and are looking for the top quality teaching and highly successful super curricular and careers programmes run by the top school in the UK.

2020 saw another outstanding year with our results showing

98.5% of students gaining A*-A grades

100% gaining A*-B grades

100% gaining A*-C grades

62% students gaining three A*s or more

100% gaining AAB in facilitating subjects

REINARD GARRY ADIPUTRA

Former School:

SMA Santa Laurensia

Subjects studied at A-level:

Maths, Further Maths, Physics and Economics

Grades at A-level:

A* A* A A*

University:

London School of Economics and Political Science – Actuarial Science

“Whilst I enjoyed academic success during my time at Cardiff, I thrived in extra-curricular activities. My favourite areas outside of the classroom were Glee Club, Nasa, Economics Club, Badminton Club – there’s such a great selection on offer. Trips and excursions were also offered to students regularly and we had brilliant adventures including the Humanities trip to Big Pit, where I learnt the history of the Welsh economy.

This is my first time experiencing such an international community, where everyone comes from different cultural backgrounds, and I have enjoyed every aspect of it.”

ZI QI KOK

Former School:

Singapore International School

Subjects studied at A-level:

Biology, Chemistry, Physics, Maths and Further Maths

Grades at A-level:

A* A* A* A* A*

University:

University of Cambridge – Medicine

“The school has provided me with the means to pursue my desired career choice at my dream University. I loved having the British boarding school experience and all of the novelties that it involved. What distinguishes the College from other traditional institutions is that it adopts a superior academic approach, constantly encouraging students to challenge themselves and strive for excellence. The College has not only been helpful in providing much-needed academic support, but has also gone the extra mile in tailoring supplement classes to the students’ preferred career choice.”

OXBRIDGE SUCCESS

Cardiff students are extremely successful at gaining places at Oxford and Cambridge. The College runs specific courses for applicants with extra coaching for university entrance exams, interview coaching and weekly critical thinking classes.

In addition, as part of Dukes Education which runs Oxbridge Applications, Cardiff students receive tutorials and presentations as well as advice from current Oxbridge students studying the subjects they are applying for.

SUBJECTS STUDIED AT OXBRIDGE IN 2020

Biochemistry

Economics

Economics and Management

Engineering

Law and French Law

Mathematics

Materials Science

Medicine

Natural Sciences

Philosophy

Veterinary Medicine

Former School:

SMA Negeri 3 Yogyakarta

Subjects studied at A-level:

Physics, Maths and Economics

Grades at A-level:

A* A* A*

University:

London School of Economics – Management

“The combination of a supportive learning system, lovely accommodation and mouth-watering food in the canteen pretty much portrays what Cardiff Sixth Form College is. Moreover, exciting activities and societies offered by the College throughout my studies helped me to develop my skills and interests.

Studying in this College, with people from over 40 nationalities, definitely broadened my horizons as we learnt from, and about, each other every single day. The working ethos here encouraged me to study hard to reach my goal of getting gratifying grades. I was very fortunate to have the chance to pursue my study at Cardiff Sixth Form College, which is one of the best Colleges in the UK.”

Cardiff students study a wide range of subjects, however there is no doubt that the professions and business-related degrees are highly represented.

TOP SUBJECT CHOICES IN 2020

40 students studying Medicine, Veterinary Medicine and Dentistry	33 students studying Engineering, Maths, Computer Science, and Architecture	35 students studying Economics, Business, Finance and Management	9 students studying Law	23 students studying Natural Sciences

Singapore International School

Subjects studied at A-level:

Biology, Chemistry and Maths

Grades at A-level:

A* A* A*

University:

St. George's University of London

– Medicine

“I appreciated the commitment of the staff to ensure that we had the maximum comfort in our accommodation, and also at College. The teachers were very friendly and were always ready to help us in every situation; something that we couldn't find in other colleges. They worked as hard as we did and always encouraged us to do better and better in our

studies. The relationship between the teachers and students made this place very friendly and welcoming”.

PROGRESSION BY DISCIPLINE

9% Law, Humanities and Social Sciences

29% Healthcare (Med, Dent, Vet, Bio Sciences)

38% STEM (Computer Science, Mathematics, Engineering and Architecture)

24% Business, Finance and Economics

64% of Cardiff students go onto Russell Group Universities

77% of Cardiff students go onto QS Top 100

51% go onto G5 Universities

- Average class size - 7 Students
 - A Level students receive more than 25 hours of tuition per subject per week
 - One year GCSE and two year A-Level courses for students typically aged 15-19 years
 - High quality boarding options of single en-suite cluster rooms and apartments
-

EUNICE CHANDRA

Former School:

Penabur Secondary School Jakarta

Subjects studied at A-level:

Maths, Further Maths and Physics

Grades at A-level:

A* A* A

University:

University College London

– Computer Science

“Being in this College was an experience that I greatly enjoyed. They provided great facilities and education for students. I especially loved the surrounding environment, as Cardiff is a beautiful city and a great place to study. I have met some amazing people during my time at CSFC; it is an environment of fast-paced learning and

high work ethic. I never could have imagined that I would meet so many interesting people and make so many great friends”.

MARCEL TEOFILUS SURYA

Former School:

SMPK Penabue School

Subjects studied at A-level:

Maths, Further Maths and Physics

Grades at A-level:

A* B C

University:

University of Sydney – Civil Engineering

“Studying for exams is obviously extremely hard work but my results day more than compensated for this. It was fantastic to be rewarded for months and months of constant hard work and it just proved to me that it will all be worth it in the end. Furthermore, the Talent Show (Eisteddfod) was a calendar highlight for me this year, and I loved watching my friends perform in a variety of acts, including singing, dancing, comedy acts and playing musical instruments.”

SUPER CURRICULAR AND CAREERS PROGRAMME

- 100% of students take part in work placement and volunteering opportunities
- International work experience in India, Tanzania and Malaysia
- Academic societies – Healthcare, Engineering, Natural Sciences, Business, Economics and Finance, Law, Architecture and Art
- Weekly critical thinking lessons
- Award opportunities
- Personal development programme
- Varied extracurricular programme of sports and cultural activities
