2021

INDONESIA PEER GUIDE

Here at Cardiff Sixth Form we are very proud of our students from Indonesia who have all excelled under the College's care and guidance.

This booklet highlights some of our excellent Indonesian pupils and gives some useful statistics and academic information showing why Cardiff Sixth Form College is the top school in the UK.

BRYANT JUNEVAN HENRY MULIA

Former School:

Santa Laurensia Senior High School

Subjects studied at A-level:

Maths, Further Maths, and Biology

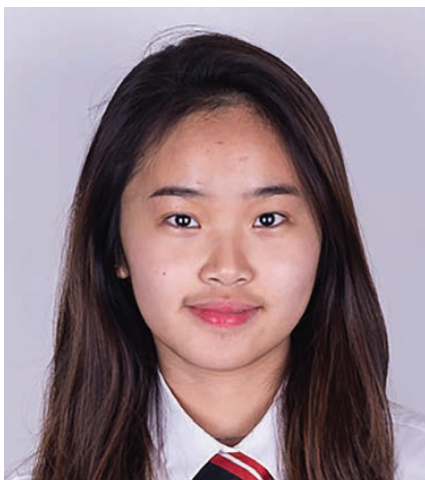

Grades at A-level:

A A B

University:

University of Manchester – Mathematics with Financial Mathematics

“I believe that meeting students from different backgrounds and nationalities has widened my views of the world and understanding of people’s mind-sets. The staff here have listened to me on what my aspirations are for the future, given me advice on things like my personal statement to help turn those aspirations into reality. I’ve enjoyed what the College has to offer outside of academia such as the hikes on Biology trips and being part of the Talent Show, Glee, Economics Club, NASA, playing football and basketball and the inter-house competitions.”

RACHEL GABY ADITYA

Former School:

SMA Santa Laurensia

Subjects studied at A-level:

Maths, Further Maths, Chemistry and Economics

Grades at A-level:

A* A A B

University:

London School of Economics and Political Science – Actuarial Science

“What I’ll remember most during my time at Cardiff is meeting friends for life from countries around the world. That is an invaluable experience. I was supported throughout my time and was given help with my Personal Statement and given input in what universities were looking for and how to get the most out of my time here at Cardiff. Extra-curricular activities are important and I was a member of the Digital Finance Club and enjoyed the Thorpe Park trip in August as it was an opportunity to just have fun with your friends.”

ACADEMIC STATISTICS AND CASE STUDIES 2021

For the past 17 years, Cardiff Sixth Form College students have enjoyed success at the G5 universities – Oxford, Cambridge, Imperial, London School of Economics and University College London - as well as other leading universities in the UK and around the world. Each year our European students gain coveted places to study subjects such as medicine, law and architecture at leading UK and US universities.

Around 160 students join Cardiff each year to complete their GCSE and A Levels before progressing onto university. Over 40 nationalities are represented and the international flavour of the College is highly regarded. What the students have in common is that they are all intelligent, ambitious and career-driven and are looking for the top quality teaching and highly successful super curricular and careers programmes run by the top school in the UK.

2021 saw another outstanding year with our results showing

98% of students gaining A*-A grades

100% gaining A*-B grades

100% gaining A*-C grades

86% students gaining three A*s or more

100% gaining AAB in facilitating subjects

REINARD GARRY ADIPUTRA

Former School:

SMA Santa Laurensia

Subjects studied at A-level:

Maths, Further Maths, Physics and Economics

Grades at A-level:

A* A* A A*

University:

London School of Economics and Political Science – Actuarial Science

“Whilst I enjoyed academic success during my time at Cardiff, I thrived in extra-curricular activities. My favourite areas outside of the classroom were Glee Club, NASA, Economics Club, Badminton Club – there’s such a great selection on offer. Trips and excursions were also offered to students regularly and we had brilliant adventures including the Humanities trip to Big Pit, where I learnt the history of the Welsh economy.

This is my first time experiencing such an international community, where everyone comes from different cultural backgrounds, and I have enjoyed every aspect of it.”

ZI QI KOK

Former School:

Singapore International School

Subjects studied at A-level:

Biology, Chemistry, Physics, Maths and Further Maths

Grades at A-level:

A* A* A* A* A*

University:

University of Cambridge – Medicine

“The school has provided me with the means to pursue my desired career choice at my dream University. I loved having the British boarding school experience and all of the novelties that it involved. What distinguishes the College from other traditional institutions is that it adopts a superior academic approach, constantly encouraging students to challenge themselves and strive for excellence. The College has not only been helpful in providing much-needed academic support, but has also gone the extra mile in tailoring supplement classes to the students’ preferred career choice.”

OXBRIDGE SUCCESS

Cardiff students are extremely successful at gaining places at Oxford and Cambridge. The College runs specific courses for applicants with extra coaching for university entrance exams, interview coaching and weekly critical thinking classes.

In addition, as part of Dukes Education which runs Oxbridge Applications, Cardiff students receive tutorials and presentations as well as advice from current Oxbridge students studying the subjects they are applying for.

SUBJECTS STUDIED AT OXBRIDGE IN 2021

Law

Medicine

Chemical Engineering

Economics

Natural Sciences

Mathematics

KARINE PANGESTU

Former School:

Gandhi Memorial International School

Subjects studied at A-level:

Biology, Chemistry, Economics, Mathematics

Grades at A-level:

A* A* A* A*

University:

University of Hong Kong – International Business and Global Management

“During my time at Cardiff Sixth Form College I have not only worked hard at my studies but have also thrown myself in to life outside of the classroom. At Cardiff there are many different clubs and activities to take part in from Sports Day to NASA club, Philosophy society to fashion shows!

In my A2 year I became House Captain for Wallace House and did my best to ensure that all students were getting involved and trying out new activities to earn some house points. I was also appointment as a college buddy to a group of new AS students to help them settle in to life at Cardiff.

I have made some fantastic friends at Cardiff Sixth Form College and I am sure they will be friends for life. We’ve enjoyed our time in the boarding house and it’s great to have friends close by to relax and hang out with after a day of lessons and studying. I’ve created a family here at Cardiff and I’m truly grateful for the opportunities that have been provided for me.”

LAETISHA WITOYO

Former School:

Mentari International School

Subjects studied at A-level:

Biology, Chemistry, Mathematics, Psychology

Grades at A-level:

A* A* A* A*

University:

University College London – Medicine

“My proudest moment at Cardiff Sixth Form College was being chosen to represent the student body as Head Girl in my A2 year. I found it a rewarding challenge to work with the rest of the prefect team to innovate new events and ways to enjoy our year despite the periods of online school and the social distancing restrictions.

A highlight of my time at Cardiff would have to be the inter-house competitions I took part in, such as the Fashion Show, Sports Day, filmmaking competitions, and the Iron Man challenge. Whilst there was a great emphasis on academics, these events

allowed me to spend time away from my books to make memories and long-lasting friendships throughout the year with people from a variety of backgrounds, whom I never thought I'd get to meet.

I will forever carry with me my experiences and memories from my time at Cardiff Sixth Form College.”

UNIVERSITY DESTINATIONS BY DEGREE SUBJECT 2021

(e.g. in alphabetical order A)

Cardiff University – Medicine, Psychology with Professional Placement

Chinese University of Hong Kong – Medicine

City, University of London – Finance with Actuarial Science

Columbia University – Economics

University of Sheffield – Medicine, Aerospace Engineering (Private Pilot Instruction), Architecture

University of St Andrews – Medicine, English

University of Warwick – Computer Science, Modern Languages and Economics, Economics, Psychology

$$\begin{aligned} \mu &= 2 \quad \sigma = 1 \\ P(X < 3.65) \\ Z &= \frac{3.65 - 2}{1} \\ P(Z < 1.65) \\ &= 0.95053 \end{aligned}$$

$$Z = \frac{X - \mu}{\sigma}$$

$$\begin{aligned} Z &= \\ \frac{1.56 -}{1} \\ &= 2 \end{aligned}$$

PROGRESSION BY DISCIPLINE

13% Law, Humanities and Social Sciences

41% Healthcare (Med, Dent, Vet, Bio Sciences)

29% STEM (Computer Science, Mathematics, Engineering and Architecture)

18% Business, Finance and Economics

75% of Cardiff students go onto Russell Group Universities

89% of Cardiff students go onto QS Top 100

42% go onto G5 Universities

- Average class size - 7 Students
 - A Level students receive more than 25 hours of tuition per subject per week
 - One and two year GCSE and two year A-Level courses for students typically aged 14-19 years
 - High quality boarding options of single en-suite cluster rooms and apartments
-

EUNICE CHANDRA

Former School:

Penabur Secondary School Jakarta

Subjects studied at A-level:

Maths, Further Maths and Physics

Grades at A-level:

A* A* A

University:

University College London

– Computer Science

“Being in this College was an experience that I greatly enjoyed. They provided great facilities and education for students. I especially loved the surrounding environment, as Cardiff is a beautiful city and a great place to study. I have met some amazing people during my time at the College; it is an environment of fast-paced

learning and high work ethic. I never could have imagined that I would meet so many interesting people and make so many great friends.”

MARCEL TEOFILUS SURYA

Former School:

SMPK Penabue School

Subjects studied at A-level:

Maths, Further Maths and Physics

Grades at A-level:

A* B C

University:

University of Sydney – Civil Engineering

“Studying for exams is obviously extremely hard work but my results day more than compensated for this. It was fantastic to be rewarded for months and months of constant hard work and it just proved to me that it will all be worth it in the end. Furthermore, the Talent Show (Eisteddfod) was a calendar highlight for me this year, and I loved watching my friends perform in a variety of acts, including singing, dancing, comedy acts and playing musical instruments.”

SUPER CURRICULAR AND CAREERS PROGRAMME

- 100% of students take part in work placement and volunteering opportunities
- International work experience in India, Tanzania, Malaysia and Europe
- Academic societies – Healthcare, Engineering, Natural Sciences, Business, Economics and Finance, Law, Architecture and Art
- Weekly critical thinking lessons
- Award opportunities
- Personal development programme
- Varied extracurricular programme of sports and cultural activities
