

RE: Your Careers and Higher Education Support

Dear Student,

Please see below for a short introduction from our Careers & HE Department. They will be supporting you throughout your studies at the College. There is an open-door policy and so you can have as many 1:1 sessions as you would like (in addition to the usual workshops and meetings run throughout the year). We are looking forward to welcoming you!

Please also complete this Google Form, so that we can learn a bit more about your university preferences before you arrive: <https://forms.gle/uAqcBbzYyynNQkZm6>

Mr Fuge

Head of
Careers and
Higher
Education

dominic.fuge@ccoex.com

“It is my pleasure to introduce myself as the College’s founding Head of Careers and Higher Education. This is the fourth school I have worked with and in many ways, I think it is the most dynamic and exciting institution so far. We really do pride ourselves on offering bespoke information, advice and guidance to help students reach their full potential and secure places at competitive institutions around the world. I’ll be working closely with you, Ms Ashworth and your Head of House, to implement a rewarding, enriching and holistic careers programme. Do come and introduce yourself!”

Ms Ashworth

Work Observations
and Educational
Visits Coordinator

natalie.ashworth@ccoex.com

“My name is Ms. Natalie Ashworth, and I am your Work Observations and Educational Visits Coordinator. Throughout the upcoming academic year, I will help you to explore your future career options by providing you with careers and employability information, enrichment opportunities and support you with finding work observation. Work observations are an exciting way to gain hands on experience and insights into different careers as well as making you stand out in your university applications.”
